A decorative graphic at the bottom of the slide features a blue arrow pointing right, which transitions into a green arrow pointing left, meeting at a central point.

Business Overview

Overview of Ferrellgas

- ✓ Founded in 1939; Ferrellgas Partners, L.P. has been a publicly traded master limited partnership since 1994 (NYSE: FGP) with an equity market value of approximately \$1.8 billion
- ✓ Leading distributor of retail propane and related equipment and supplies primarily in the United States
 - Approximately 1 million customers
 - All 50 states, including the District of Columbia and Puerto Rico
- ✓ 2nd largest distributor of propane in the United States, and the largest national provider of propane by portable tank exchange
 - Blue Rhino branded tank exchange operations retain largest national market share in the fastest growing segment of the propane industry
- ✓ Geographically diverse with approximately 884 propane distribution locations and nearly 46,000 portable tank exchange locations nationwide
- ✓ Proven industry consolidator with disciplined acquisition strategy

Significant Recent Events

- ✓ **Strong/improving operational and financial performance**
 - 6% increase in Adjusted EBITDA performance – Fiscal 2010
 - Adjusted EBITDA performance of \$266.9 million marks another record performance...a record performance 4 of the last 5 years
 - 48% increase in Adjusted EBITDA since fiscal 2005
- ✓ **Significantly improved credit statistics through improved performance**
 - 3.46x financial leverage at operating partnership level at July 31
- ✓ **On August 27th, the partnership declared its 64th consecutive quarterly partnership distribution to unit holders since going public in 1994**

Significant Recent Events, cont'd

- ✓ **On November 9th, successfully priced 10-yr notes offering of \$500 million refinancing partnership maturities due 2014**
 - No material debt maturities until November 2012 and no public debt maturities until 2017
- ✓ **On November 9th, issued \$30 million in partnership common units in a private transaction, funding fiscal 2010 growth/acquisition capital expenditures**

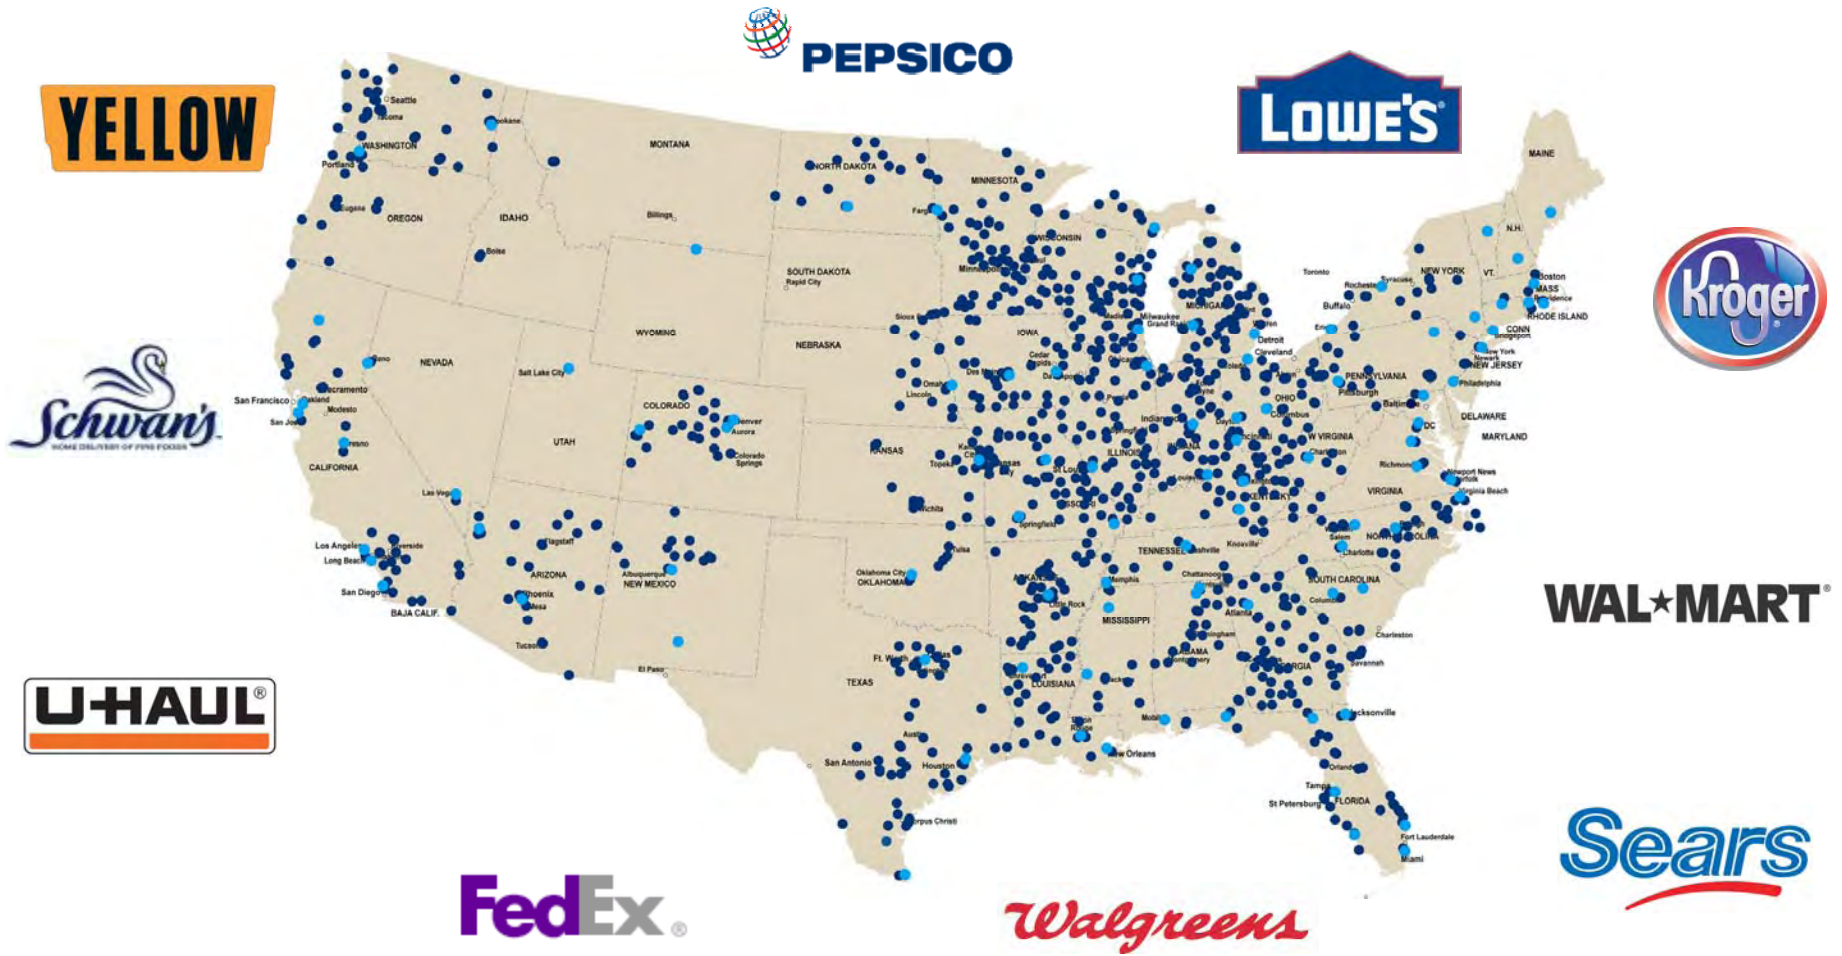

Ferrellgas' Keys To Continued Success

- ✓ Capitalize on organic growth opportunities
 - Blue Rhino tank exchange volume continues to grow – significant growth opportunity still exists with increased customer acceptance/usage
 - Retail technology platform gives us unique ability to track success of new start-ups and organic customer gains from enhanced sales and marketing efforts
 - We continue to experience significant growth in wholesale operations utilizing our existing/new strategic relationships
- ✓ Expand operations through disciplined acquisitions
 - Leverage significant synergy opportunities from existing national footprint and scalability of technology platform
 - Ferrellgas is best positioned to be the consolidator of the industry
- ✓ Capitalize on national presence and economies of scale
 - Our retail technology platform and our Blue Rhino tank exchange technology platform were each built for scale – our marginal costs are among the lowest in the industry
 - We are one of only a few truly nationwide propane providers; one stop solution for many national customers

Keys To Continued Success (cont'd)

- ✓ Achieve operating efficiencies through the utilization of our unique technology platforms
 - Significant improvement in cash flow has already occurred related to enhanced margins from better pricing controls and lower operating expenses from better routing and scheduling and delivery of customer demand; more improvement to come!
- ✓ Align employee interest with investors through employee ownership; only MLP with significant company-wide ESOP ownership

Nationwide Footprint – A True Competitive Advantage

Diversification Through Tank Exchange Market

- ✓ Blue Rhino activity helps to mitigate seasonality and provides a catalyst for growth
- ✓ Blue Rhino tank exchange is the undisputed leader in brand awareness by customers – nearly 46,000 distribution locations nationwide
- ✓ Tank exchange operations help to cultivate new National Account business
- ✓ Continue to find opportunities for synergies among tank exchange operations and the traditional retail business

Centralized Operating Platform/Operational Excellence

- ✓ Enhanced operational capabilities include substantially improved customer administration, customer demand forecasting and routing and scheduling of deliveries
- ✓ “Renaissance” technology model was fully implemented nationwide in August 2005
- ✓ Significantly improved results realized since FY05; over these 5 years FGP experienced improved/sustainable annual cash flows of \$85 million, with the bulk of the improvement attributed to “Renaissance” capabilities

Significant Management Ownership; Nearly 40% by Long-term Investors

- ✓ 31% employee ownership through ESOP
- ✓ 6% ownership by Chairman James E. Ferrell
- ✓ Healthy distribution coverage on all outstanding common units
 - FY 2010 Total Distribution Coverage of 1.13x
- ✓ General partner/ESOP structure aligns employee and investor interests
