FREQUENTLY ASKED QUESTIONS

Does it cost anything to participate in the Budget Billing program?

The Budget Billing program is available to Ferrellgas Customers at no charge. In fact, when you are enrolled in the Budget Billing program, you are not subject to finance charges or late fees.

Am I able to save money through the Budget Billing program?

Budget Billing does not change your annual usage or the price per gallon you are charged per delivery. Budget Billing makes your annual propane expense more manageable by dividing it into nine or 12 monthly payments.

Can I also participate in other Ferrellgas programs, such as AutoPay and SecureFill?

Absolutely! Ask us how to enroll in these other great programs when you enroll in the Budget Billing program.

NEED MORE INFORMATION?

For more information about the Budget Billing program, call your local office today or visit us online at www.ferrellgas.com.

BUDGET BILLING

THE MOST BUDGET-FRIENDLY WAY TO PAY YOUR PROPANE BILL

The Ferrellgas Budget Billing program allows you to spread your annual heating costs over a period of nine or 12 months.

PLAN OPTIONS

Your annual heating costs can be divided in nine or 12 payments. Just choose one of the following plans:

- 9-Month Plan: Annual usage is divided into nine payments; billed nine months of the year. No billing statement is generated for June, July and August.
- 12-Month Plan: Annual usage is divided into 12 payments; billed every month of the year.

ENROLLMENT

It's easy to enroll. More importantly, you can enroll at any time throughout the year.

ELIGIBILITY

The Budget Billing program is available to new and existing Customers who are:

- Credit approved and
- Have a zero or current balance at the time of enrollment.

HOW IT WORKS

When you enroll in the Budget Billing program, your monthly payment is calculated based on your actual last 12 months of usage and the current price for propane.

Regardless of your delivery history, we can calculate a monthly payment that fits your annual propane usage costs.

Below is a list of the key information used to determine your Budget Billing monthly payment:

- Current balance: \$ _____
- Actual or estimated 12-month usage: _____
- Price: _____
- Plan option: _____

We encourage you to refer to this list when you enroll in the Budget Billing program.

Once you're enrolled in the Budget Billing program, we'll periodically review your usage to ensure your monthly payment is consistent with your usage. If necessary, the monthly payment is recalculated.

During the anniversary month of your enrollment, an annual review and recalculation occurs. Any balance or credit remaining based on your actual usage is carried forward to the next year and included in the new monthly payment.

BILLING STATEMENT

A monthly billing statement shows the scheduled monthly payment, actual account balance to date, current account activity, and special notes regarding their account.

To keep your balance current, simply pay the balance that appears in the box labeled Please Pay This Amount.

We encourage you to use the Billing and Payments Tracker to maintain a record of monthly payments billed, paid and deliveries received throughout the budget year.

CANCELLATION

If you decide to remove Budget Billing payment terms or are terminated from the program as the result of nonpayment, a settle-up occurs and any balance owed is payable at that time. A six month waiting period is required to re-enroll in the Budget Billing program.
